---

## CAREER OBJECTIVE

Passionate **MERN Stack Developer** with hands-on experience building **full-stack web applications** using **React, Node.js, Express, & MongoDB**. I aim to apply my skills in **UI/UX, Responsive Design, problem-solving**, and **teamwork** to deliver clean, user-focused applications. I am eager to grow in a dynamic team, learn agile practices through real-world projects, and contribute to creating efficient and high-quality digital solutions.

## EDUCATION

**BSc in Computer Science & Engineering** (2022-Present)  
**Port City International University**

---

## PROJECTS

### 1. TravelEase: [Live Site](#) | [GitHub \(Client site\)](#) | [GitHub \(Server Side\)](#)

TravelEase is a comprehensive, modern web application designed for seamless vehicle booking and trip management. It connects users looking for transportation (from SUVs to electric cars) with vehicle owners via a simple, secure, and intuitive platform, emphasizing robust authentication and dynamic UX.

- **Smart Booking System:** Users can filter vehicles by category & book instant.
- **Owner Dashboard:** Vehicle owners can add new vehicles and manage their listings.
- **Technology:** React, React Router, TailwindCSS, Node.js, Express, MongoDB, Firebase Auth, JWT, Axios, Framer Motion

### 2. GameHub: [Live Site](#) | [GitHub Link](#)

GameHub is a modern and responsive gaming web application built with React, Firebase, and TailwindCSS. It allows users to explore & manage games through a smooth, animated, & dynamic UI. The app includes secure, password reset, and profile management features providing a seamless & engaging experience for gamers

- **Game Management:** Browse, view details, and manage games through an intuitive interface.
  - **Secure Authentication:** Firebase login, signup, and password reset for safe user access.
  - **Technology:** React, React Router, TailwindCSS, Framer Motion, Firebase Auth, Context API
- 

## SKILLS

**Frontend:** HTML, CSS, TailwindCSS, React.js, JavaScript, React Router, Framer Motion, Axios

**Backend:** Node.js, Express js, JWT, CORS, REST APIs

**Database & Tools:** MongoDB, Firebase Auth, GitHub, VS code

**Deployment:** Vercel, Netlify

**Soft Skills:** Quick Learning Ability, Team Work & Collaboration, Good Communication

## Language

- Bangla (Native)
- English (Professional Proficiency)
- Hindi (Basic Communication)
